

Bus

Buses are essential to getting around the San'in Area.

Use buses skillfully by checking which bus stop is near your destination.

Wait for your bus at the bus stop

In addition to station bus terminals, there are bus boarding areas wherever you see a bus-stop sign by the side of the road. Wait there for the bus to arrive.

Check your destination

Destinations are written on signs at bus boarding areas and on the top-front of buses. Check the destinations on the direction board and board a bus that is on the correct route.

Take a numbered ticket when you board the bus

Take a numbered ticket at the entrance when you board a bus. When you hear your destination's name announced, press the button near your seat to signal that you will get off.

Put your fare in the fare box, then get off the bus

Fares are displayed on the monitor toward the front of the inside of the bus. Look at the number matching the one on your ticket. The amount displayed beneath it is the fare to your destination.
